

## **It's just about complete... NOW THE REAL WORK BEGINS!**

Parishioners have decided that our previous mission statement continues to reflect who St. Peter's is, and what we want to be. Revitalization and enhancement of the mission statement's four tenets make up the goals set during our Long Range Planning process.

**How can we more effectively "welcome all people?"**

**How can we "cherish the Eucharist" in a more meaningful way?**

**How can we "foster faith formation" for all?**

**How can we actively serve our members and our community  
in "justice and charity?"**

Goals for each tenet have been established, but they need to be prioritized. Under each tenet, what should we do first? We need YOUR participation to determine a plan of action!

**Come to the Long Range Plan Roll-Out  
May 23, 2010 at 2 p.m.**

We will begin in the church with a presentation, prayer, thanksgiving and song, then head down to the social hall to "work" (and enjoy treats of strawberry shortcake and ice cream sundaes).

**YOUR FAITH. YOUR FAMILY. YOUR FUTURE.  
Please join us!**
