

75th Anniversary Angel List

Dear Parishioners,

Throughout the year we receive inquiries about the needs of the Parish. The following “Angel’s List” is a way of informing our parishioners and friends of needs, great and small, that have come to the attention of the Facilities Committee. Some items are Capital Repairs and Improvements that may have a big impact on our facilities and environment. Other items may address a particular need or specific ministry. These latter items may not be in the current budget, but with an Angel’s donation St. Peter’s will honor the donor’s wishes.

If you would like to specify a particular Angel’s List item to be addressed through a donation, please contact me or our office about making arrangements. Thank you for helping our parish community to maintain our buildings and grounds. Thank you for enabling St. Peter’s to serve our members and broader community in justice and charity.

In Christ,
